Globally recognised health,
safety, environmental, risk and
wellbeing qualifications

The NEBOSH IIRSM Certificate in Managing Risk will help you develop risk management skills that can be used in any organisation, industry, and job, anywhere in the world!

We are living in very uncertain and disrupted times, so it has never been as important for organisations to reduce threats and maximise opportunities or, to put this another way, to manage organisational risk!

Effective risk management helps ensure better decisions are made that will protect people, organisations, and reputations. NEBOSH and IIRSM have combined their expertise in education and risk to deliver a qualification that can help you achieve this.

Who is it for?

The NEBOSH IIRSM Certificate in Managing Risk is a perfect choice for anyone who wants to be able to identify, evaluate, and manage organisational risks and understand their impacts. It is particularly relevant for risk

professionals looking to gain a broader view of risk beyond a specialism such as health and safety, quality, or business continuity.

What will I learn?

By studying this qualification, you will learn:

- the principles of risk and risk management
- the risk management process and framework based on ISO 31000
- the relationship between psychology and decision-making
- how to analyse the environment in which an organisation operates, identifying potential risks and opportunities
- the relationship between risk management, business continuity, crisis management and organisational resilience

“The NEBOSH IIRSM Certificate in Managing Risk Course was well structured, and the training material was second to none. The relevant examples given throughout helped me gain a better understanding of the concepts covered.”

Paula Ireland
Senior Health and Safety Manager, Fujitsu

How will it help me?

- **Broaden knowledge** – provides a comprehensive overview of risk and risk management, which is helpful if you currently focus on a particular aspect of risk such as health and safety
- **Transferrable skills** – the skills gained can be used in any organisation, industry, and job, anywhere in the world
- **Professional development** – your studies will help you develop risk management skills that are in demand
- **Recognition** – you will be eligible to apply for Associate membership of IIRSM, at a discounted rate for the first year.

Advantages for employers

This qualification can help you to:

- build valuable in-house expertise
- demonstrate your commitment to effective risk management
- better protect your people, reputation, and profits

Where can I take a course leading to the NEBOSH IIRSM Certificate in Managing Risk?

This qualification is initially available via eLearning only, which means you can complete your studies at a time, place, and pace convenient to you.
